# What is our Video Production?

**Onsite Shooting**

**Studio Recording**

At BizKademy, we offer a complete video production solution, ensuring your content is engaging and impactful. We work across both onsite shooting and studio recording, providing flexibility and professional results for every type of project.

## In-house Video Production Facility and High-Tech Studios

Our fully equipped studio spaces, located in multiple areas of the city, allow us to shoot high-quality videos, tailored to your specific requirements.

### Video Production

We offer both onsite shooting, where our expert cameramen and lighting professionals capture high-quality footage at your location, and studio recording in our fully equipped spaces across the city, providing a controlled, professional environment for any type of content.

### Glass Board Technology

We leverage advanced Glass Board Technology to deliver dynamic, high-definition visual content. This cutting-edge approach enhances engagement and clarity, making complex topics easier to understand.

### Chroma Studio

Our Chroma Studio Facility is equipped with state-of-the-art green screen technology, allowing for dynamic video production with customizable backgrounds. This versatile setup enables seamless integration of digital elements, creating visually captivating content for e-learning, presentations, and more. Ideal for trainers, educators, and corporate messaging.

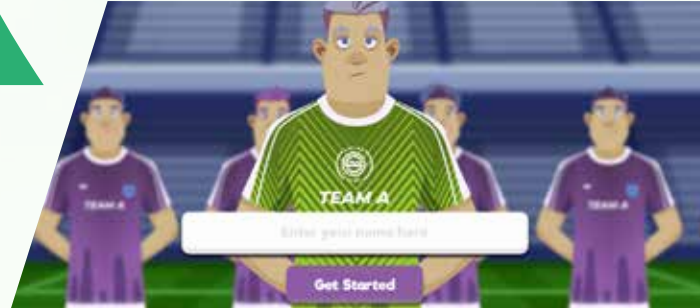

## Creating Animated Video Content

Our team crafts visually engaging animated courses that bring learning to life. These videos use animations and interactive elements to capture attention and simplify complex concepts and increase the impact of the video by enabling people to memorize the important points.

## Creating SCORM-Based Videos

We design interactive eLearning content that integrates seamlessly with SCORM standards, incorporating gamification elements to boost engagement. This ensures a fun and consistent learning experience across different Learning Management Systems (LMS).

## Once the Video Production is done
