

Company Profile

A Tech-Driven L&D Company

BizKademy is a Tech-Driven L&D Company, dedicated to empowering organizations through innovative training solutions. We specialize in creating customized Courses, offering advanced Learning Management Systems (LMS), and developing tools like Time Master and Assessment Centre to boost productivity and enhance workforce capabilities.

Our in-house Video Production capabilities ensure that every piece of content we create is engaging, impactful, and tailored to your specific needs.

At BizKademy, we are committed to driving growth and success by making learning accessible, effective, and enjoyable for businesses of all sizes.

OUR STORY

After 20 Years in the EdTech Sector, the innovative L&D team at BizKademy observed a significant shift in employee training methods, driven by the global impact of COVID-19.

As the pandemic transformed the Corporate Training Landscape, Trainers and organizations sought new ways to deliver effective training.

In response to address this evolving need, BizKademy was founded to provide comprehensive Digital Learning Solutions.

Our Process For Customized Course Development

Assessment Centre

Smart Evaluations, Better Decisions

Assessment Centre

The Assessment Centre is designed to evaluate and enhance skills through a range of customizable assessments. It supports informed decision-making and development strategies.

FEATURES

Customizable Tests Creation

Assessments are tailored to meet the specific requirements of each company and may vary in categories and content accordingly.

Hassle-free Accessibility

Candidates can gain easy access through a link or email invitation, eliminating the need for any installations or device setting adjustments.

Flexible 2-Way File Upload

Allow candidates and Moderators to upload key documents such as a Case Study, Cover Letters, CV, or Portfolio

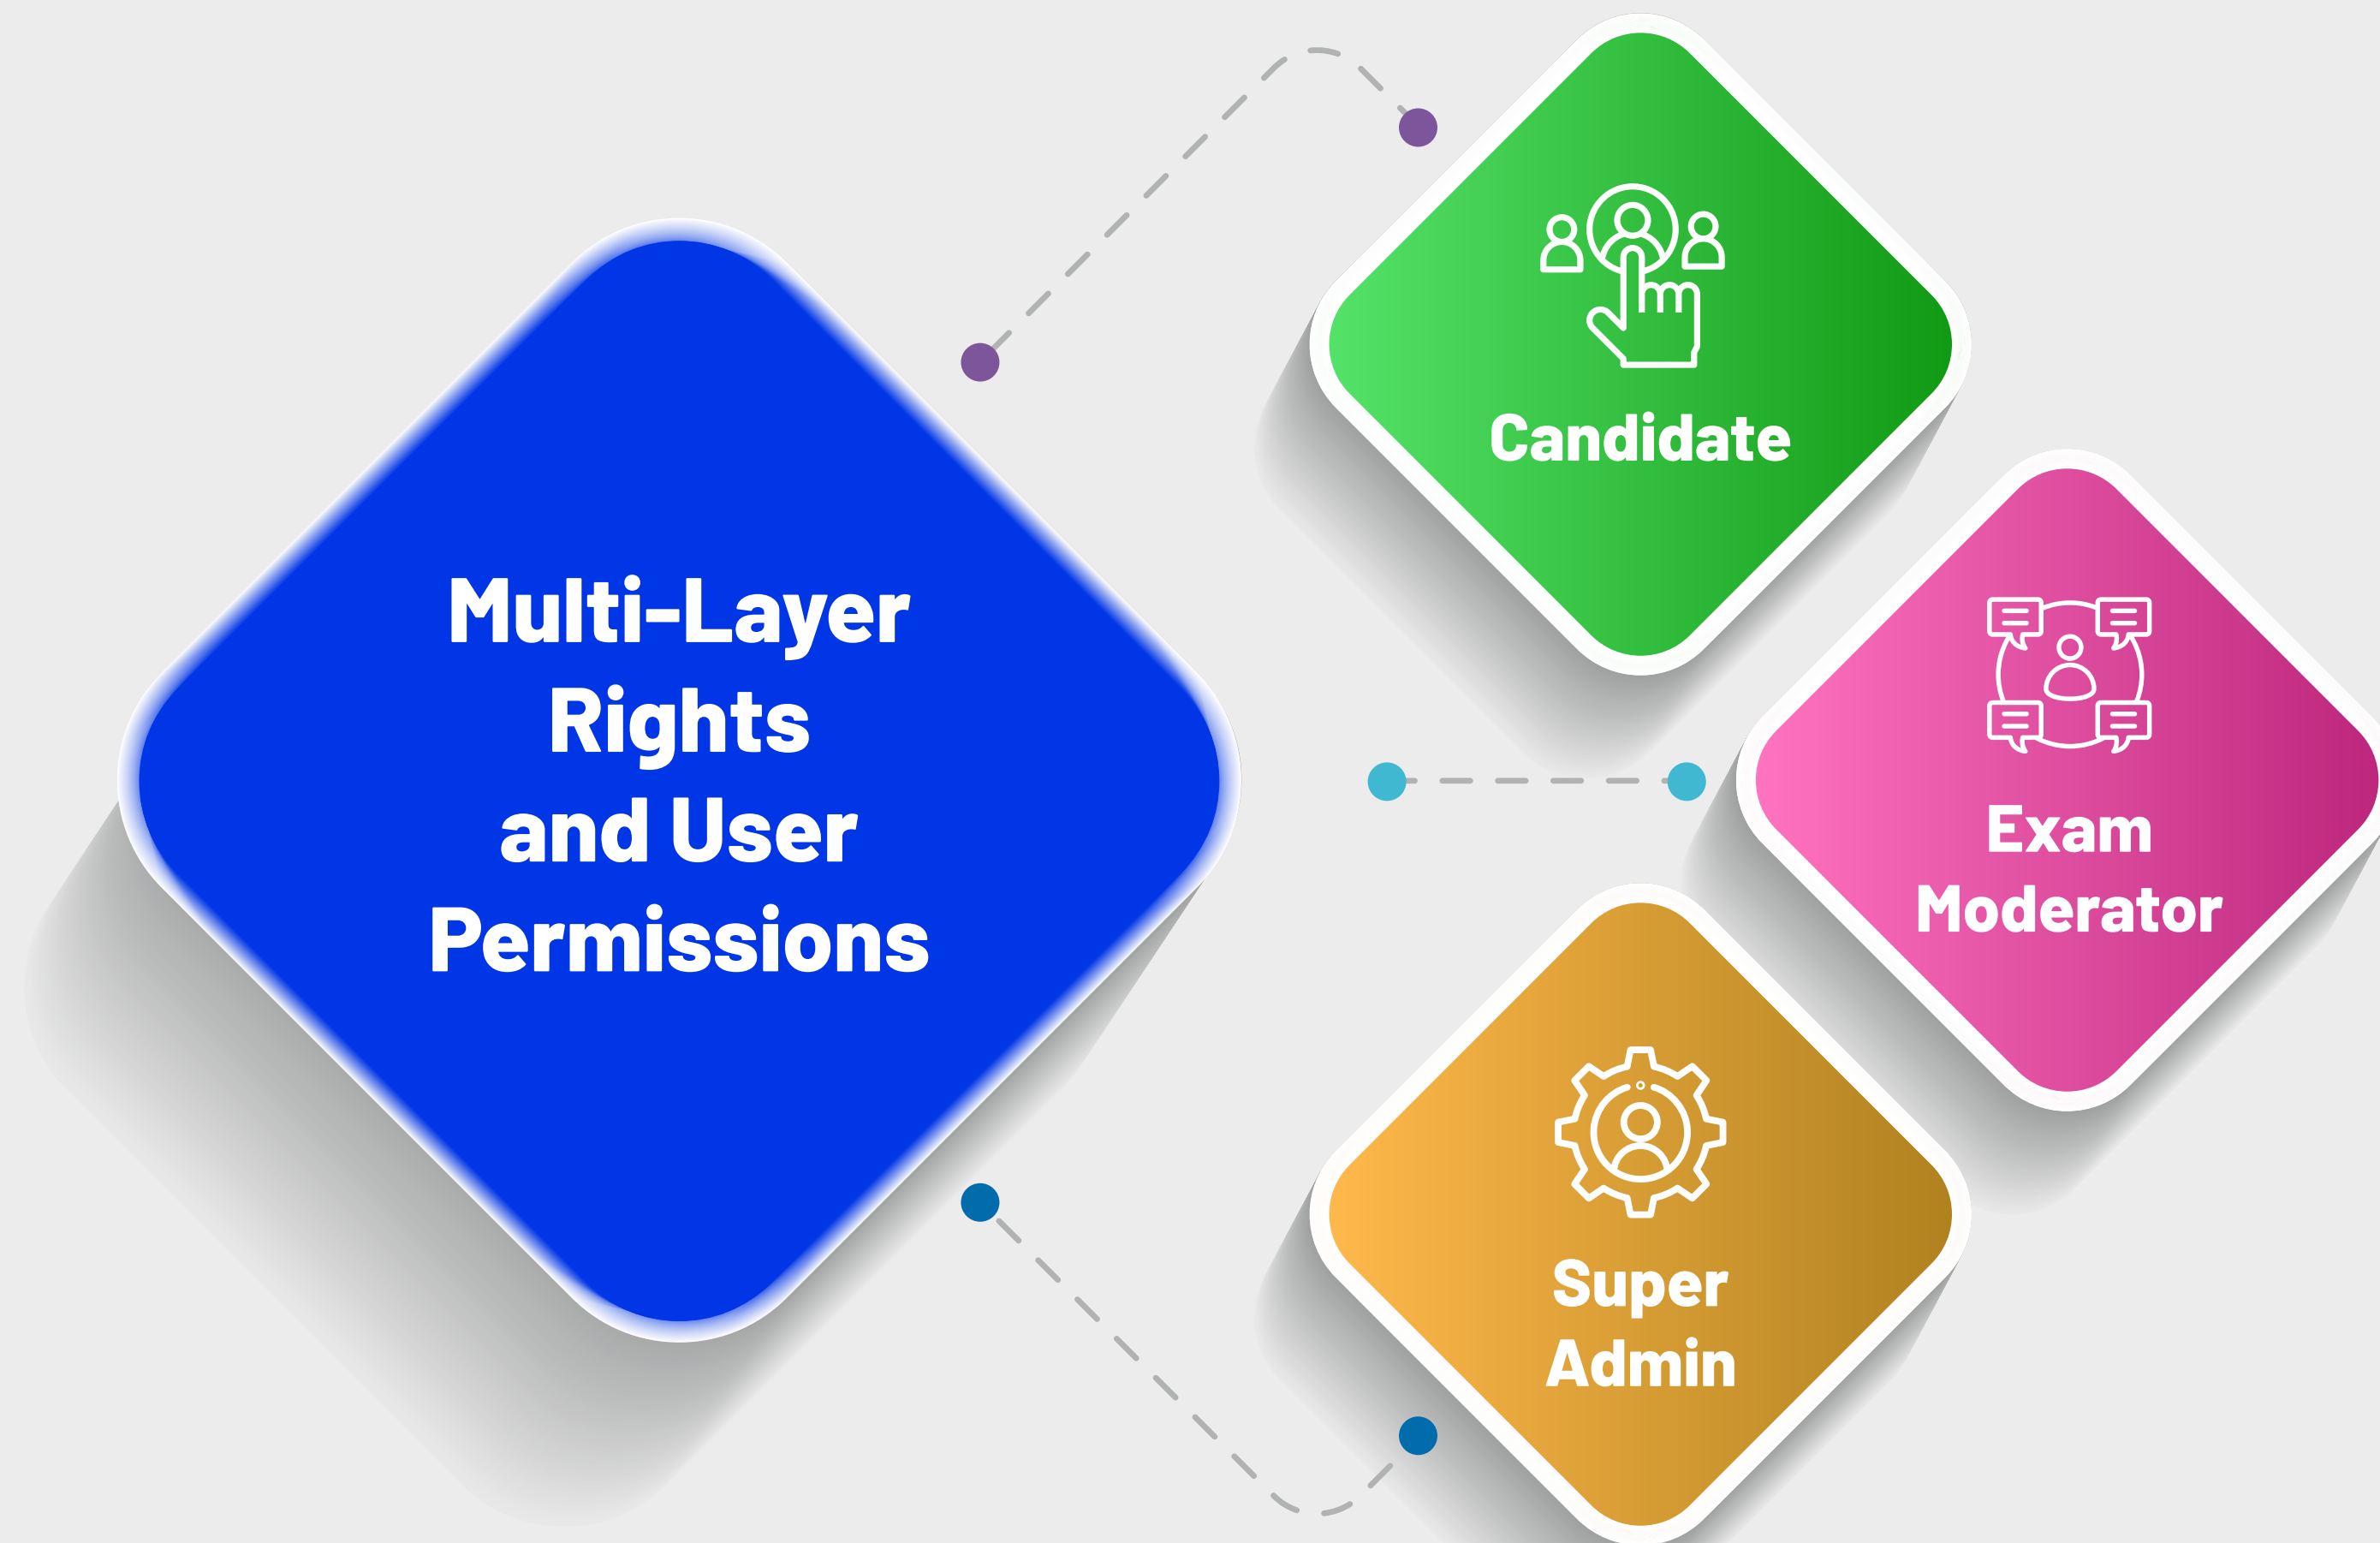

Cheating Prevention

Monitor candidate snapshots during testing and get alerts if they exit full-screen mode.

Real-time Results

Know your candidates from every angle by exploring detailed reports

Time Master

Time Master

Boost Productivity, Master your Time

BizKademy
Digital Learning Solutions

Time Master

Time Master is a productivity-boosting tool that provides real-time insights into your team's work habits and time management. It helps optimize workflows and enhance overall efficiency.

FEATURES

Attendance Management

Manage the Attendance of your Teams with a single click of the Check-In and Check-Out Button on your Employee Computers

Detailed Time Analytics

Gain insights into how time is spent across tasks.

Timezones / Shifts Management

Manage your employees working in different Shifts.

Productivity Reports

Generate reports to identify areas for improvement.

Universal Solution

Suitable for Remote and Onsite Teams both.

Note: The software only monitors activity during designated work times, ensuring that tracking ceases after hours.

Rights and Permissions

Users

Employees will be able to access their own Dashboards

Managers

Managers will also be able to access the Dashboards of their Teams

Super Admins

Super Admins will be able to access the entire Control of their Protocols
